MONROVIA ROTARY CLUB

1986-87

Monrovia Rotary Club has continued its strong record of vitality and growth established in the previous two years.

The theme for the club has been "BE A ROTARIAN - JOIN IN," and the entire membership has made that theme a reality. The club stresses the active involvement of every member. The theme conveys not only being a member of a Rotary Club, but being a ROTARIAN, committed to fellow Monrovia Rotarians as well as the ideals of Rotary.

Our club has continued its growth with the induction of 17 new members from a variety of occupations and a broad range of ages. The club membership is up to 83, the highest in recent memory.

We have renewed and continued projects started in past years, and we have tried some new projects, social events and fundraisers.

The projects described in this report represent the highlights of the year. I hope the accompanying reports convey the vigor and camaraderie which has become very special to me as a Monrovia Rotarian.

In 1986-87 Monrovia Rotary continued its strong emphasis on Community Service. This has also been the Centennial celebration of the City of Monrovia and the club has actively participated in the Centennial activities. Money and time contributed by the club and its members has made Monrovia Rotary Club an important contribution to the community.

The club was presented with a Certificate of Appreciation in recognition of service to the community at a Centennial Committee luncheon of September 10, 1986, honoring special men and women who have made special contributions to Monrovia over the years in the area of government. One of the honorees was Judge John Sturgeon, a past Monrovia Rotary President. Our club also honored PDG George Carlson with a special Rotary Club award for outstanding service to club and community.

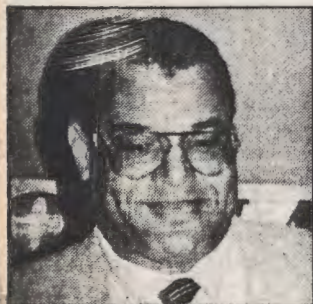

Miscellaneous Community Service projects include cash contributions to the Canyon High School Performing Arts program and support of the Citrus College Performing Arts Department.

Following are descriptions of most of our Community Service projects.

Dear Gary:

The Community Relations Committee of the Monrovia Chamber of Commerce wishes to express its appreciation for your club's participation in the recent Service Club Recognition Luncheon.

Your organization's attendance and support made the event one of the most successful Chamber Centennial events and we are grateful not only for your participation but for total community support.

Sincerely,

Dear Chief Tubbs,

I want to thank you and the Rotary Club of Hon-
rovia for your generous
contribution to our performing
arts program. With your help,
we have raised the necessary
funds, and our two-part
workshop is scheduled for
May 28th and 29th. We are
excited about this new

The rug in the children's reading section of the Monrovia Public Library had been given many years ago by Monrovia Rotary and it finally gave out. The library suggested a new rug and provided us with a source and a price. Detoro Sells, through his furniture business, found an equal quality rug at a better price.

The library staff thinks the new rug is great!

Dear President Kooiman and all Members of the Monrovia Rotary Club:

On behalf of the Monrovia Public Library, I would like to thank you for the gracious gift you have purchased for our library. The braided story rug is now in the Alvord Room and has already been put to good use! Currently, we have an average of 10 storytimes each week in addition to various other programs at which children sit on the rug. Both the children and their parents have commented on how lovely it is.

We appreciate the Monrovia Rotary Club replacing our old, worn out rug. Please also convey our appreciation to the member(s) who ordered and delivered it. Thank you for supporting our library programs.

Each year Monrovia Rotary Club sponsors one or two field trip excursions for one of the five elementary schools in Monrovia. One trip this year was for a fourth grade class taught by Mr. Woods at Bradoaks School. "Thank you" notes and pictures attest to a fun excursion to Olvera Street. A second trip was for a fifth grade class from Bradoaks to Rancho Santa Ana Botanical Gardens in Claremont.

Adopt-a-School Provides Trips

Pride of California, a Monrovia Chamber of Commerce business and the Monrovia Rotary Club are making possible three field trips for students at Bradoaks and Plymouth Schools.

Under the leadership of Russell Stewart, president of Pride of California, students were transported by bus to the Griffith Park Observatory to get a first-hand education regarding Halley's Comet and other celestial wonders. Fourth grade students at Bradoaks enjoyed a field trip to Olvera Street on May 8, and Plymouth Elementary School students will journey to the Santa Ana Botanical Gardens through the sponsorship of Monrovia Rotary Club. **MAY 8**

In the 1960s Monrovia Rotary Club raised funds to develop a small neighborhood park and construct a wading pool. Since 1978, when the city stopped operating the pool for lack of funding, the club has paid the annual costs of chemicals and lifeguard for daily summer operation. The pool is always busy on warm summer afternoons.

Just splashing around — Children under 7 years old can splash in the Rotary Park Wading Pool at the corner of California and Lime avenues in Monrovia from 1 to 4 p.m.,

Dear Billy,

On behalf of the American Red Cross and the patients in our community, I'd like to thank both you and the members of the Monrovia Rotary for your continued support of the blood program.

The March drive was a great success!! We welcomed 55 prospective donors and collected 48 pints of life-saving blood. Many lives were touched by the generosity and commitment of the Rotary members and their family and friends. You should all be very proud of your participation in this life-saving community service--the Red Cross certainly is.

Everyday in Los Angeles and Orange counties, the Red cross must collect 1500 pints of blood to meet the needs of the 200 hospitals in our region. Your participation as a donor group ensures that blood will be available when needed. We couldn't do it without you!

Please pass on a special thanks to Bliss Sells for her help coordinating the schedule and assisting at the drive. The decorations and cookies were a great touch. And, of course, I'd like to especially thank you, Billy. Your time and efforts were certainly appreciated and I look forward to working with you again.

Sincerely yours,

Project/Program: Monrovia Days Luncheon - Civic & Community Service
Chairman: Gary Moore

For several years Monrovia Rotary Club has sponsored and hosted a Monrovia Days Luncheon in May. In recent years from 110 to 150 people have been served at the Monrovia Community Center after the Monrovia Days Parade. Last year, kicking off the Centennial, approximately 250 were served and special recognition was given to local individuals who have made special contributions to Monrovia's history.

This year our luncheon will be one of the final Centennial events and will be held at the new Holiday Inn Hotel. Rotary will supply a master of ceremonies, funding for entertainment and decorations, and coordination of reservations and registration. Approximately 250 are expected to attend.

Dear Friend,

It's that time again - and we want this final Monrovia Day Luncheon of the Centennial Year to live up to last year's outstanding success.

We have reserved the Holiday Inn, received a commitment of \$800.00 and manpower from Rotary and conferred with the Alumni Association as to how to attract the many alumni who will be attending the All-Alumni Picnic at the High School.

The plans, so far, are to: have an informal theme so the alumni don't have to change clothes; start early (social hour 11:30, lunch 12:30) so that we can all get to the High School for the 3:00 p.m. Century Recognition Awards for Sports; stick to last year's price (\$12.50/\$10.00 for seniors).

The Monrovia Day theme is "A Celebration of Friendship."

We need to plan a menu, decorations and entertainment and work out plans for publicity, registration, name tags, etc.

Please join me for lunch at Wangs on Wednesday, February 4th.

Sincerely,

Betty

This year the club also provided tickets to a LA Dodgers game at Dodger Stadium for the team.

We like to think our efforts improve team morale. The team's record improved from 0-12 to 8-4.

Each year the club awards academic scholarships to senior students at Monrovia High School and Canyon High School, a continuation high school. The high school career centers make scholarship information available to the students and the counselling center makes a preliminary screening. Ten to twelve finalists are personally interviewed by Rotarians at Monrovia High School and eight are selected for \$250 scholarships. Canyon High School administration selects two recipients from that school. Scholarships are awarded at commencement ceremonies or awards night and certificates are presented at a Rotary meeting. Scholarships are paid upon enrollment for advanced education.

1984 Revision

GUIDELINES

MONROVIA ROTARY CLUB SCHOLARSHIP AWARDS

1. Awards will be made annually to Monrovia High School and Canyon High School seniors. The number and amount of the awards will be determined annually by the Board of Directors, upon recommendation of the Scholarship Committee.
2. The purpose of the scholarships is to recognize outstanding academic achievement in high school. The monetary awards are intended to assist the student with costs of further education.
3. The recipients will be chosen in cooperation with the Monrovia High School Scholarship Coordinator and the Canyon High School administration. The Scholarship Committee will conduct interviews and examine applicants' resumes to select the final award recipients.
4. Awards will be based primarily on academic achievement in all areas of study. Student activities and financial need may be considered if applicants are otherwise equally qualified by reason of academic achievement.
5. The interviews shall be by two or more Rotarians, who shall make the final selections. The interviewers should try as much as possible to learn something about the student's character and integrity, keeping in mind that the final selection may be a difficult choice between applicants having similar qualifications from academics, activities, and financial need. The final choice will of necessity include subjective assessment by the interviewers.
6. Awards will be made on High School Awards Night or graduation exercises and will be accompanied by a certificate or plaque supplied by the Monrovia Rotary Club. Award recipients will be invited to a Monrovia Rotary Club luncheon meeting for recognition.
7. Award recipients will be supplied with written instructions concerning payment of the awards. The Club Treasurer shall maintain records of recipients and payments.
8. The award must be claimed within a two year period beginning on July 1 of the year in which the award is made. The award will be paid to the institution of further education or to the student upon verification of enrollment at such institution. The Rotary Club Board of Directors may for good cause authorize payment of the award without such verification of enrollment.

Mr. Gary Kooiman
President - Monrovia Rotary Club

Monrovia, Ca 91016

Dear Gary,

The Monrovia Rotary Club certainly cares about young people and backs its concern with action. The students, programs, and special projects at Monrovia High School have benefited greatly from the generosity, involvement, and support of Rotary. No matter what the need has been, the Rotary Club and individual Rotarians have extended assistance with kindness and often without any public recognition. This note is just a brief "THANK YOU!" from all of us at Monrovia High School.

The Rotary Craft Awards Program has become an important aspect of our Applied and Fine Arts programs. We truly appreciate the many hours that Al Smith and his committee members spent planning and conducting this superb project. The judging, luncheon, and awards were exciting, important, and memorable moments for our students.

The Rotary Scholarships this year were substantial and were awarded to many deserving Senior students. The scholarships are a fine way of recognizing the academic achievements of some of our finest students. They also help make a difference for some students who have the talent and ability for college but not the financial backing. Our recipients have asked that their deep and sincere thanks be conveyed to Dale Spickler and the members of his committee for their thoroughness and kindness and to the Club for sponsoring such a significant scholarship program.

Rotary has also helped by sponsoring our Girls' State representative and by generous financial assistance for a variety of student activities and athletic programs. Last year's President, Jim Starbird, deserves special Kudos for his kindness and generosity towards our students. His support and openness to student needs really helped make a difference during the past school year.

Again, "THANK YOU!" Monrovia Rotary from all of us at the Home of the Wildcats.

Sincerely,

Richard S. Hill

Dear Gary,

The students at Monrovia High School have benefited greatly from the support and concern for young people demonstrated so effectively by you and the members of your organization. The scholarships which you awarded to members of the Class of 1986 were excellent and thoughtful acknowledgements of the academic achievements of some of our finest students. These scholarships provide encouragement and incentive to younger students and they also can help make the difference for some recipients who have the talent and ability for college but not the financial backing.

Support for academic and vocational programs by the general community is so very important for the enthusiasm and ultimate success of today's students. The pupils and staff at Monrovia High School are grateful that you have shown your concern with such tangible action.

On behalf of the entire Board of Education of the Monrovia Unified School District, I wish to extend our deepest thanks to you and your organization for your generous, thoughtful and caring support for educational excellence.

Sincerely,

Donald A. Montgomery

In addition to the academic scholarships, the club now gives two \$250 scholarships to local high school or junior college students pursuing musical education or careers. The scholarship fund is named in honor of long-time Monrovia and Rotarian Paul Davis, who was killed in an oilfield accident in 1985. Paul's active interest in music and education will be long remembered in the community. The scholarship committee will review applications and make selections.

Our club has supported the Monrovia Centennial celebration in several ways not otherwise described in these reports. Funds were donated for purchase of Centennial patches which were distributed to local students. Further funds were contributed for purchase of T-shirts for the City's beautification campaign. The shirts had the clean-up day logo on the front and the Rotary emblem on the back. A crew representing the club's sponsorship completed a local clean-up project. In addition, the club sponsored one of the Centennial Banners which have flown along the major city streets during the year.

Dear Mr. Starbird:

Your generous sponsorship of Clean-Up - Paint-Up - Plant-Up Week helped get Monrovia's Centennial Year off to a beautiful start. Thanks to the support of our sponsors, Clean-Up Teams - ranging from six year old Girl Scouts and Camp Fire Girls to Service Club retirees - were provided with "Team Clean" T-shirts, a picnic supper and the resources necessary to beautify our city.

Teams removed litter from business areas, parking lots, six parks and the Wyland Way Baseball Field; painted 10 houses and accomplished various home repairs for senior citizens, disabled persons and single parents. Thanks to several contractors, who volunteered their services, we were able to remove old trees and perform other tasks demanding professional competence, as well.

Additional requests have come in and some of the Teams will be continuing their efforts for a few more weeks. Many of the youth groups have offered to continue their litter pick-up efforts on a regular basis.

Your support also provided T-shirts for the many elementary and middle-school students who created the 75 beautiful Clean-Up Week posters that have graced store windows and public places for the past several week. On Monrovia Day, the lovely Centennial Beautification Float, which you helped to sponsor, will feature representatives of our various Work Teams and one of the senior citizens whose home was improved through their efforts.

We hope to make Clean-Up - Paint-Up - Plant-Up Week an annual event and are most grateful for your role in initiating this important community activity.

Again - Thank You!

'Team Clean' seeks volunteers to help beautify Monrovia

Volunteers and business sponsors are sought by "Team Clean," a group of enthusiastic workers who will help beautify Monrovia during Clean Up, Paint Up, Fix Up Week, April 19-26.

The Centennial Beautification Committee is sponsoring the property improvement campaign, which has received a strong response from senior citizens, handicapped persons and other Monrovia residents who need help from their neighbors to spruce up their yards and homes.

Team Clean needs volunteers who can help clean yards, perform minor repairs under supervision, paint exterior surfaces of houses and fences, and help with minor landscaping, in an effort to improve the city's appearance in time for the centennial celebration.

Crafts persons from R. Able II Contractors and Johnson's Tree Service will be on hand to supervise the volunteer campaign.

Team Clean also needs business sponsors to donate \$500 or materials, including lumber and paint.

Supporters garnered so far include Best Disposal, which will provide trash dumpsters; Bowden Development; Coastal Roofing; Century 21-Joe E. Earl, realtor; Century 21-Ludecke Realty; Gem City Kiwanis; Monrovia Municipal Employees Association; Marilyn Gebbhart-All Ways Realty Association; Monrovia Downtown Merchants Association; Myrtle Avenue Lumber; Patten, Faith and Sandford; the Monrovia Rotary Club; RTA Telecommunications; and Southeast Products.

Project/Program: Centennial Country Fair - Duck Races
Chairmen: Gerhard Hahn and Ken Winschel

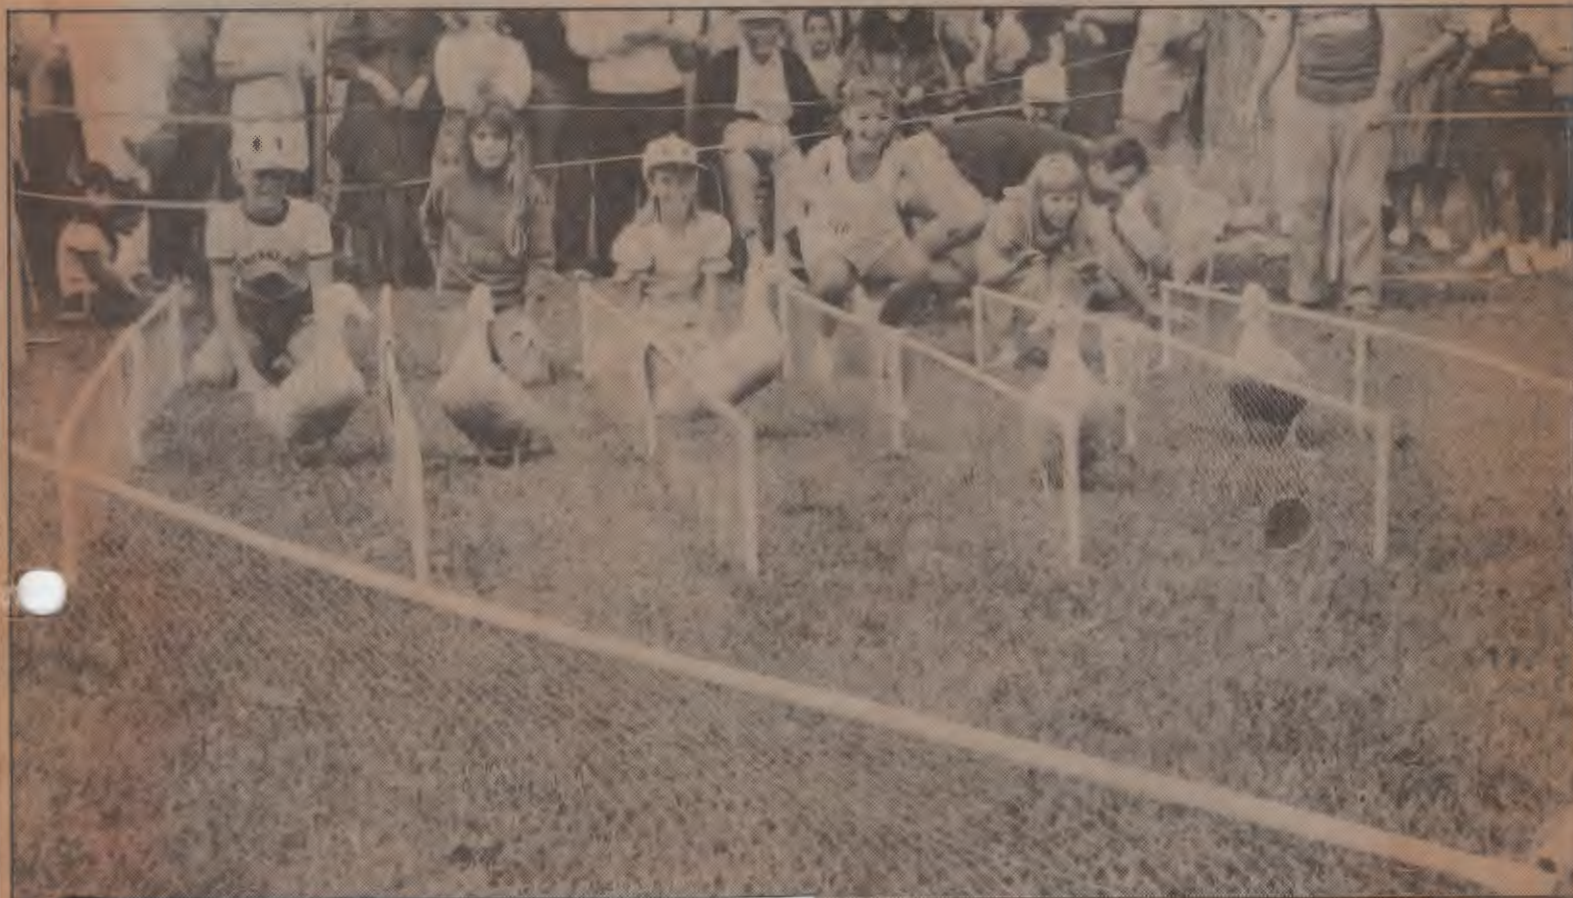

The major summer event of the Monrovia Centennial celebration was a "Country Fair" held in September at Monrovia's Recreation Park. Various local organizations provided booths and games at "1890 prices". The fair ran for a weekend and was a tremendous success.

The first contribution by Monrovia Rotary, coordinated by Ken Winschel, consisted of labor to clean up the American Legion Hall (owned by the City) to accomodate historical displays. Rotarians washed and waxed floors, moved furniture, cleaned the kitchen and repainted the restrooms -- all badly needed improvements.

The other, and most successful contribution, was the "Kenducky Derby". Gerhard put his latest brainstorm into effect with a racecourse on which were raced a group of large white ducks. Seven races were held throughout the day, with wagering at 5¢, returing 10¢ for a winner. Jerry Marugg was the race-caller and Gary Moore was on hand for photo-finishes. Trainers Charlie Hagaman and Gerhard Hahn tended the flock.

This was the most successful event of the fair and generated much goodwill for Monrovia Rotary.

Country Fair offers vintage 1886 celebration of food, fun

The Monrovia Country Fair last weekend offered citizens a chance to enjoy a carnival atmosphere similar to 1886, when Monrovia was in its infant stages. Above, the Monrovia Rotary slated 'Kenducky Derby' duck races for children. At
